Subject: ACTION REQUESTED BY NOV 13: Seeking Your Availability in Late January & Review Action Items from October 29 Quarterly Progress on Commitments under CZARA 6217 Settlement Agreement Meeting

All:

I am seeking your availability in late January for the Quarterly Conference Call to discuss progress on commitments under the CZARA 6217 Settlement Agreement.

Please complete the following doodle poll and don't forget to change the time zone .

<http://www.doodle.com/xdfqm984d7k3yrau>

Please forward to anyone else who should be invited to participate in the call.

Please review the following updates and action items and send your corrections to me.

October 29 Quarterly Progress on Commitments under CZARA 6217 Settlement Agreement Meeting

Recent Developments & Updates

On October 25, EQC denied the NWEA's petition for EQC to begin rulemaking for pesticides. For more information, go to DEQ's website at <http://www.deq.state.or.us/wq/standards/pesticides.htm>

EPA/NOAA's is preparing an initial written assessment to meet the following commitment and using the list of documents which DEQ's reviewed for completeness:

By December 31, EPA/NOAA provide Oregon and plaintiffs with initial written assessment on

1) whether implementation of the Oregon Coastal TMDL Approach in the Mid-Coast Sub-basins is likely to result in actions that will achieve and maintain WQS and

2) whether OR's plan for developing and updating TMDLs for all sub-basins in the CNPCP management area using the Oregon Coastal TMDL Approach could satisfy the outstanding forestry condition.

In developing this assessment, EPA/NOAA should consider comments from plaintiff with respect to ODEQ's proposed TMDLs and BMPs.

EPA/NOAA is updating the Interim Decision Rationales and may be asking Oregon staff for information within the next few months.

DEQ received 30 comments on its proposed rulemaking which included time of transfer to address the OSDS condition. DEQ is preparing all the documentation needed to get on the EQC's Dec 6-7 meeting agenda.

DEQ will not be public noticing the Mid-Coast Implementation-Ready TMDLs in January 2013 as DEQ is working through technical challenges for the bacteria & sediment TMDLs and legal challenges (as a result of the legal challenge on Oregon's natural condition provisions in its water quality standards) for the temperature TMDLs.

Action Items

During November, DEQ will email the revised draft "Guidance for TMDL Implementation Plan Development for Urban/Rural Residential Land Uses within the Coastal Zone Management Area" and a communications/implementation plan (developed with Oregon Department of Land Conservation and Development) to EPA/NOAA for review.

Jayne will set up another quarterly meeting for late January 2013.

Cheers,

Jayne Carlin, Oregon 6217 Coastal NPS Coordinator
